

Privacy and Consent Form for Online Survey and Focus Group

Participant agrees to:

1. Nanosonics Inc (**Nanosonics**) collecting and using their name, contact details, employment details, photographs, videos and other visual or audio recordings (together, **Their Information**) for the purpose of obtaining concept feedback to inform ongoing research and development for potential products and services and to provide you with information about Nanosonics' products and services;
2. grant Nanosonics the right to use Their Information without compensation;
3. warrant that the information they have provided to Nanosonics is true, complete, not misleading and accurate; and
4. confirm that they are 18 years of age or older.

Your Privacy

As part of your participation in this survey and any resulting activities (such as participation in the focus group), Nanosonics may collect your personal information including your name, contact details, employment details, photographs, videos and other visual or audio recordings that are capable of identifying you. We collect this information in order to help us with retrospective data analysis as part of this concept feedback exercise and to provide you with information about Nanosonics' products and services.

This personal information will be de-identified and for used internal use only, unless permissions are obtained from you to use them externally in Nanosonics training and marketing materials. Your personal information will be securely stored by Nanosonics.

You are entirely free to decide what personal information to provide to us. If you do not allow us to collect all the personal information we require from you, we may not be able to assess your eligibility to participate in the focus group and you may miss out on the opportunity to be part of the focus group.

Our Privacy Policy, available at <https://www.nanosonics.com/media/bpcmo5dr/privacy-policy.pdf>, contains information about how and why we manage your personal information and how you may access or correct the personal information we hold about you. Our Privacy Policy also details how you may exercise your rights regarding your personal information or make a complaint if you think that we have breached our privacy obligations and how we will deal with such a complaint.

Nanosonics will not disclose your personal information to any third parties or to any overseas recipients.

We will implement appropriate measures to ensure that your personal information remains protected and secure and otherwise comply with applicable data protection laws.

Nanosonics confirms that it will take all reasonable steps to delete or remove any personal information on your written request.

If you have any questions about how we use your personal information, please do not hesitate to contact b.voorting@nanosonics.com
