

Companion Drying Wipes

trophon® Companion Drying Wipes are the perfect partner to your high level disinfection process. Ready to use, they simplify the before and after drying step in the reprocessing cycle to promote efficient workflows.

Unlike many wipes that just move moisture around, trophon Companion Drying Wipes are highly absorbent to leave surfaces completely dry.

Ready to use with an easy access canister and convenient wall mount bracket

Low lint material reduces risk of residue on surfaces

Efficient drying method due to large wipe size

Recyclable packaging to help minimise environmental impact*

**A drying solution to complement the
trophon standard of care reprocessing method**
