

April 26, 2019

Dear Valued trophon Customer:

**trophon EPR end of manufacture**

The purpose of this letter is to notify you that Nanosonics will cease manufacture of trophon EPR on June 30, 2019. After this date, the availability of trophon EPR for purchase will be on the basis of stock availability ('while supplies last').

**trophon2 - Simply Smarter!**

trophon EPR has been succeeded by next generation trophon2, offering an enhanced user experience, AcuTrace automated compliance tracking, and powerful reporting capabilities for easier development of audit-ready documentation. Visit <https://www.nanosonics.us/trophon/trophon2> to find out more.

**trophon EPR Service, Support, Warranty**

- trophon EPR will continue to be serviced and supported.
- trophon EPR warranties on devices sold after the end of manufacture date will apply as normal.

**trophon EPR Consumables**

- The consumables used with trophon EPR (Sonex-HL and trophon Chemical Indicators) will continue to be available. These items are common to trophon EPR and trophon2.

**trophon EPR Accessories**

- A number of accessories unique to trophon EPR will no longer be sourced by us as of June 30 2019. Similar to trophon EPR, availability of these items for purchase after June 30 2019 will be on the basis of stock availability ('while supplies last').
- Parts impacted are:
  - trophon EPR wall mount (N00017-NNA)
  - trophon Printer Cart Mount (N00104)
  - trophon Connect (N00086-ROW)

If you have any questions or concerns, do not hesitate to contact me.

Yours sincerely,

**Ken Shaw**  
**President - Americas**  
**Nanosonics, Inc.**
